

Complete Streets Forum Series

CALTRANS DISTRICT 1

The Complete Streets Forum Series will consist of four weekly 1.5-hour meetings focused on providing a foundation of understanding to strengthen relationships and allow for enhanced partner engagement and participation. The series will cover how projects are funded, changes Caltrans is making to build more complete streets facilities, and effective collaboration methods. We'll hear from Caltrans D1 and HQ staff, Regional Transportation Planning Agencies, Tribal partners, and advocates. With this foundation, the final meeting will provide a review and discussion of the proposed 2024 SHOPP project list.

Week One: How are Complete Streets Funded on the State Highway System?

April 7, 2021 (2:00 – 3:30 p.m.)
